

## Nomination to the Edward A. Bouchet Honor Society

The purpose of the Edward A. Bouchet Graduate Honor Society is to recognize outstanding scholarly achievement and promote diversity and excellence in doctoral education and the professoriate. The Edward A. Bouchet Graduate Honor Society seeks to develop a network of preeminent scholars who exemplify academic and personal excellence, foster environments of support, and serve as examples of scholarship, leadership, character, service, and advocacy for students who have been traditionally underrepresented in the academy. In the spirit of Edward Alexander Bouchet and the scholarship, character, leadership, service and advocacy he exhibited both inside and outside academic realms, inductees into the honor society bearing his name must also exhibit these same outstanding qualities.
